Where: 1755 Adams Ave., San Leandro, CA 94577

What: Dedications, lunch, presentation

The joke's on them...

Operating Engineers Local 3 asks that you join us for an April Fool's Day Lunch Time Rally – our LAST – at Valley Power Systems North in San Leandro. We will be celebrating our successful, over twenty month long strike against rat employer Valley Power and thanking the many strikers and strike-line supporters who helped us in our fight for workplace justice. Help us make this our loudest, proudest and largest rally ever!

The event will be held from noon to 1 p.m. on April 1, 2009 at the former Valley Power facility at 1755 Adams Ave., in San Leandro, CA, 94577. Festivities will include a short dedication and lunch.

They didn't think we'd last, but here we are, SHUTTING THEM DOWN after 90 weeks on strike!
