

## **IMPORTANT INFO ABOUT MASTER CONSTRUCTION AGREEMENT BALLOTS**

You may soon receive, or may have already received, your **2024 Allocation for Master Construction Agreement** ballot in the mail. The California Allocation ballots are being mailed out right now, and other ballots will be forthcoming across our jurisdiction. Please note that your **ballot must be filled out and mailed back before the date on the bottom of this postcard.**

You will notice an option to allocate money to the Pension. Thanks to the strength of your Pension Fund, and our ability to certify this Fund in the Green Zone (meaning it is solvent), the Trustees voted, effective Jan.1, 2024, that any new allocations toward the Pension will result in a benefit and an increase to the members' retirement value. This is good news, as many of you may recall our union being restricted from providing a Pension allocation option in previous years.

Your vote matters, and it is important that you participate in this allocation. Please take the time to fill out your allocation ballot and mail it back by the date at the bottom of the postcard.

If you have any questions about your ballot or did not receive one in the mail and feel you should have, please contact your District Office. Thank you for your attention to this important matter.
